

PETER G. BRERETON

U.S. Naval Academy
Physics Department
572c Holloway Road, Stop 9C
Annapolis, MD 21402

Office: (410) 293-6614
Lab: (410) 293-6693
Mobile: (443) 422-9049
Email: brereton@usna.edu

EDUCATION

Cambridge University Cambridge, UK
Ph. D. in Experimental Physics Oct 2009 – Jan 2013

Dissertation: “Control of single InGaAs quantum dots with frequency-swept optical pulses”
Advisor: Prof. Richard Phillips

United States Army War College Carlisle Barracks, PA
M. S. in Strategic Studies June 2019 (expected)

Cambridge University Cambridge, UK
M. A. (*Cantab*) in Natural Sciences May 2003

United States Naval Academy Annapolis, MD
B. S. in Physics May 2001

EMPLOYMENT HISTORY

CIVILIAN EMPLOYMENT

Assistant Professor, Physics Department, U.S. Naval Academy Aug 2013 – present.
Research Associate, U.S. Navy Research Laboratory Oct 2012 – Aug 2013.

U.S. NAVY (Active and Reserve)

Director of Operations (J3), Navy Reserve USF Korea Dec 2018 – present.
Director of Research (O3R), Office of Naval Research Reserve Component Dec 2015 – Nov 2018.
Director of Current Operations, CJTF Horn of Africa Feb 2017 – Mar 2018 (*Mobilized to active duty*).
Executive Officer, SUBGRU TEN Force Protection Detachment ONE Oct 2014 – 2015.
Department Head, Undersea Warfare Operations Detachment L Feb 2012 – Oct 2014.
Program Officer, Office of Naval Research Global Unit 103 Aug 2009 – Aug 2010.
Military Instructor, Physics Department, U.S. Naval Academy, Aug 2007 – Aug 2009.
Submarine Officer, USS MICHIGAN (SSGN 727), Dec 2004 – Aug 2007.
Naval Nuclear Propulsion Training, Aug 2003 – Aug 2004.

Active Top Secret Clearance

RESEARCH EXPERIENCE

Principal Investigator, Quantum Photonics Laboratory, U.S. Naval Academy, 2013 – present.
NRC Research Associate, Quantum Dot Group, Navy Research Laboratory, 2012 – 2013.
Doctoral Researcher, AMOP Group, Cambridge University (UK), 2009 – 2012.
EPSRC III-V Semiconductor Fabrication Course, Sheffield University (UK), Dec 2009.
Summer Research Assistant, Optical Sciences Division, Navy Research Laboratory, 2008 – 2009.

GRANTS

1. ONR UMBC-USNA Cyber Challenge Grant “Spins integrated in tapered fiber and liquid crystal systems”, \$350,000, 3 years, co-PI, 2018–present.
2. OSD Quantum Science and Engineering Program (QSEP) “Proton irradiation and spectroscopy of SiC for single generating solid state spin qubits”, \$180,000, 3 years, co-I, 2016–present.
3. ONR UMBC-USNA Collaborative Grant N0001415WX01534 “To investigate a novel quantum information processing platform”, \$449,868, 3 years, co-PI, 2015–2018.
4. ONR Grant N0001414WX20764 “Optical characterization and control of single spins in proton irradiated silicon vacancies in bulk and nanocrystalline silicon carbide”, \$104,000, 2 years, PI, 2014–2016

FELLOWSHIPS AND HONORS

- National Research Council Research Associate, 2012 – 2013.
Bill and Melinda Gates Cambridge Scholar, 2001 – 2003, 2009 – 2012.
Defense Meritorious Service Medal.
Navy and Marine Corps Commendation Medal (two awards).
Graduate with Distinction, U.S. Naval Academy, 2001.
Trident Scholar, U.S. Naval Academy, 2000 – 2001.

PROFESSIONAL ACTIVITIES

- Reviewer for Solid State Communications, Optics Letters, Optics Express, Optica, Journal of Applied Physics.
Member, American Physical Society (2001–present).
Member, Optical Society of America (2009–present).
Member, American Association of Physics Teachers (2008–present).
Associate Member, Institute of Physics (UK) (2009–present).
Member, IEEE (2009–present).
